### Vehicles

Unitax has 150 taxis, including 15 monovolumes, 11 limousines and 15 van with a wheelchair lift.

Depending on your needs and special wishes, you can choose from three different types of vehicles:

- Mercedes classe E, pour les déplacements confortables ou prestigieux.
- Mercedes Vito. Ce monovolume peut transporter jusqu'à 8 passagers.

Our cars are maintained by our own garage and are inspected again every 6 months. We also repair our own framework.

Our newest vehicles are always used by the best drivers.
